

Taali

Taali bajaao (*play that beat*)
Ok, ok, come on, come on

put your hands up, clap your hands and
Taali bajao, Taali bajao!

Do what makes us-- taali bajaao, taali bajaao!
Naachenge पूरी रात (*dance all night*) -- taali bajaao, taali bajaao!
Move up down--*upar neeche*
Go round round-- *gol gol*
Move up down--*upar neeche*
Go round round-- *gol gol*

S-O-N-A fam --who the best? let me see you put that S on your chest.
Pour the glassy, enter the party, get down and move your body
Lookin out all I see is women around, a whole ocean-- booty swimming around
We putting holes in the floor when we bang it out, all my worldwide desis is getting down
Make it bounce, make it clap, do it all night,
Little dance, little drink and I'm alright
We rippin up the club and there's no fights, keep bangin that taali all night
Everybody now in the disco,
ride the rickshaw, ride the rickshaw,
put your hands up , clap your hands,
and taali bajaao, taali bajaao!

Hold up, I ain't done yet—shorty in the middle look like she ain't havin fun yet
You gotta get up outta that seat, get to the dance floor do it with the beat

Move up down, upar neeche, move round round, aage peeche now
Damn miss look like you can dance, put you on stage give me half a chance
Look like you get the party started, bang that taali let's get retarded

Everybody now in the disco—ride the rickshaw, ride the rickshaw,
Put your hands up, clap your hands and taali bajaao, taali bajaao!
